

**Skin Repair**

HB-B02

*Regenerative Skin Oil, organic:*

20 ml

EAN: 0705632426111

- Innovative scientific formulation for cell regeneration, especially for wound and scar healing, developed by our experienced life scientists
- 100% natural, organic (bio-certified) natural products
- With lucuma extract (the „Inca gold“) and valuable organic oils rich in natural lipids, vitamins and antioxidants
- Proved effects of single Skin Repair components in scientific and clinical studies
- Free of mineral and silicone oils, parabens, PEG derivatives, and synthetic dyes and fragrances
- Free of preservatives
- In a lightproof MIRON purple glassware for an optimal light protection and long-term effectiveness

\*\*\*\*\*  
 This innovative and highly effective formula of our experienced life scientists has been developed especially for the regeneration of damaged skin. This action owes **Skin Repair** the accurately selected combination of healing oils and herbs:

- ✓ **Baobab oil** (rich in omega 3, 6, and 9 fatty acids, palmitic acid, antioxidants and the vitamins A, D, E, F) displays moisturizing, itching-soothing and anti-inflammatory effects. It supports the cell membrane renewal, improves skin elasticity by making the skin soft and elastic, reduces psoriasis, burns, dermatitis, eczema and much more.
- ✓ **Tamanu oil** (rich in lipids, antioxidants and callophylic acid) can effectively regenerate and heal damaged skin, such as pimples, acne, dermatitis, skin/sunburns, scars, callused skin, athlete`s foot, insect stings and many more. It acts antioxidant, antimicrobial, anti-inflammatory, astringent, soothing and nurturing on dry and reddened skin
- ✓ **Rose hip seed oil:** Due to the high content of vitamins C and B this oil has a particular antioxidant and anti-inflammatory action and provides a perfect nurture for dry and care-needing skin (for example, against scar formation and pigmented moles)
- ✓ **Neroli oil** (from bitter orange blossoms) supports cell regeneration and acts relaxing and slightly decongestant, especially in case of itching, psoriasis and inflamed skin
- ✓ **Lucuma extract:** The sweet lucuma fruit from the Peruvian Andes, also called the „Inca gold“, owes its name the high amounts of antioxidants (beta carotene), fibers, carbohydrates, vitamins (especially vitamins B and niacin) and minerals (iron, potassium, calcium, zinc, phosphor). Because of its excellent anti-inflammatory action lucuma is particularly suitable for application in skin regeneration, the treatment of wounds, sunburns, scars, acne and as an anti-aging agent

- ✓ **Calendula extract** (rich in flavonoids, saponins, glycosides, carotenes and salicylic acid) is a wonder healing agent for dry and split skin due to its antimicrobial, decongestant, astringent, anti-inflammatory and soothing action

**Application**

**Shake the flask before use!** In the morning and in the evening apply 1-2 drops of **Skin Repair Regenerative Skin Oil** onto the affected skin areas and massage by light, circular movements. Avoid eye contact.

**INCI**

Pouteria lucuma fruit (organic), natural organic oils from Adansonia digitata, Calophyllum inophyllum, Rosa canina, Calendula officinalis, Helianthus annuus, Citrus aurantium, Tocopherol (natural vitamin E)

**Precautions**

Keep in a dry and cool place (5-25°C). For external use only. Not suitable for consumption. Keep out of the reach of children.

48 hours before use apply one drop onto the skin of your forearm inner surface and do not proceed with product application if skin irritations occur.

Stability: *Apply date of use on the provided sticker and paste it onto the bottom of the flask*
