 This unique formulation with argan, hazelnut, sweet almond, babassu, camellia, borage and St. John's wort oils, natural vitamin E and beneficial essential oils is an innovative development of our science experts for the all-round maintenance of face, body, hair and nails with valuable nutrients which stimulate in a natural way the regeneration of the epithelial layer. The highly effective plant oil combination is rich in revitalizing and nurturing compounds: Proteins, unsaturated fatty acids (omega 3, 6 and 9 fatty acids, especially gamma-linoleic acid), saturated fatty acids (lauric acid), vitamins (A, B1, B6, D, E), minerals (magnesium, calcium), flavonoids, tannins and trace elements (copper, iron, zinc). With its very good tolerance and medical cosmetic action **Total Care** is, therefore, an all-rounder:

- ✓ Applicable for each skin type, for dry as well as for normal and greasy skin, for hair and nails
- ✓ Effective moisturizer for dry, irritable skin, mat and thin hair, and brittle nails
- ✓ Improves the skin elasticity and makes dry and flaky skin soft and elastic, restores and smoothens nails due to the high content of linoleic acid in borage oil
- ✓ Improves hair elasticity and helps against dry, itching scalp
- ✓ Soothes and regenerates the skin and protracts skin aging
- ✓ Acts blood flow-stimulating, slightly astringent and revitalizing
- ✓ Has a strong antimicrobial action due to the high content of lauric acid in babassu oil (could therefore be applied for impure skin and acne)
- ✓ Acts antioxidant, anti-inflammatory, pain- and itching-relieving, antiseptic (could therefore be applied for treatment of nerve pain, fascia tension, spraining, skin burns and bruises)

**Application**

**Facial application:** Apply daily a few drops of **Total Care Face, Body, Hair & Nail Oil** onto the cleaned face skin and massage with light circular movements. Avoid eye contact. The skin becomes immediately silky soft and smooth.

**Body application:** All year long, upon desire and personal need, apply sparsely **Total Care** onto your skin and massage lightly. Especially dry skin regions like elbows, knees, lower legs and feet will be supplied with moisture and your skin feels immediately tender and soft without drying out. On inflamed or itching skin regions of different cause (as described above) **Total Care** can be applied several times a day. Then you can feel discomfort-relieving and soothing effect particularly clear.

**Hair application:** **Total Care** can be used as an intensive hair care as well as hair care before hair styling. The oil acts especially as an intensive hair care: Dependent on your hair length, apply 1-2 tablespoons of **Total Care** onto the moist hair and spread subsequently with your fingers over the scalp, hair and hair tips, let it act for about 20 min and wash it away directly with a shampoo (without pre-rinsing with water). This way the nurturing action is present for a longer period of time and the hair becomes glossy, smooth and soft. Alternatively, you can wet a comb with some **Total Care Oil** and comb it into you moist hair. Wash your hair subsequently with a shampoo as described above. As hair care: For hair styling take a few drops of **Total care** oil into your palm inner surface and spread into the moist hair before hair-drying or spread it over dry hair tips.

**Nail application:** Apply daily 1-2 drops of **Total Care** auf onto your finger pads and massage into the nail basis with light circular movements. Within a short time your nails will become smoothed and hardened.
