 The highly effective biomedical formula with baobab, argan, jojoba, rose hip seed, borage, sea buckthorn and black cumin oil, natural vitamin E and D-Panthenole is a special development for extremely dry, especially care-needing and irritable skin. The enchanting fragrance combination of natural essential oils from Rosa damascena, geranium, orange and sandal wood rounds off the nurturing properties with a soothing and relaxing effect on body and soul. **Heaven 7** is strongly moisturizing, supports cell regeneration, especially by cell membrane renewal, and improves the elasticity of challenged skin due to the high content of omega 3, 6 and 9 fatty acids, palmitic acid, gamma-linolenic acid, natural/ skin cell-like lipids, minerals, the vitamins A, B, C, D, E, F and K. The skin cell-like lipids included in the cream basis become integrated into the skin cell membrane and release these active compounds directly into the cells and the surrounding extracellular matrix. Therefore, stressed skin feels with **Heaven 7** just like in seventh heaven. Due to the biomedical combination design of natural oils in **Heaven 7** this exceptional cream has a healing effect on damaged skin:

- ✓ Soothes and relaxes extremely dry and irritable skin
- ✓ Stimulates skin regeneration during sleep and helps preventing early symptoms of aging
- ✓ Gives dry skin plenty of moisture, enhances skin softness and elasticity
- ✓ Acts alleviating in case of psoriasis, dermatitis, eczema, wounds and skin burns
- ✓ Acts antioxidant, anti-inflammatory, pain-relieving, antibacterial, antiviral and antifungal
- ✓ Stimulates blood circulation and acts revitalizing via an optimal nutrient supply

**Application**

**Heaven 7 Night Facial Cream** can be used as a night as well as day care. We recommend the use as day care for especially care-needing and dehydrated skin. The cream content of the Airless Spender System is best protected against microorganisms and environmental impacts due to the self-closing opening of the spender. Before first use of the Airless Spender System pump for several times to activate its function, i.e. until the first portion of cream appears on top of the spender opening. Dependent on your need, apply 2-3 sprits of **Heaven 7** onto the cleaned face, neck and décolleté and massage into your skin with light circular movements. Avoid eye contact. **Heaven 7** use can be combined with **Extreme Anti-Aging Daily Serum**.

For skin cleansing and care we recommend the natural facial fluid **Rose Fluid** or **Herbal Fluid** from **P.Glia**  **Health & Beauty Biomedical**.
